

# How much can you save?

By moving e-mail attachments and content from your Dataverse

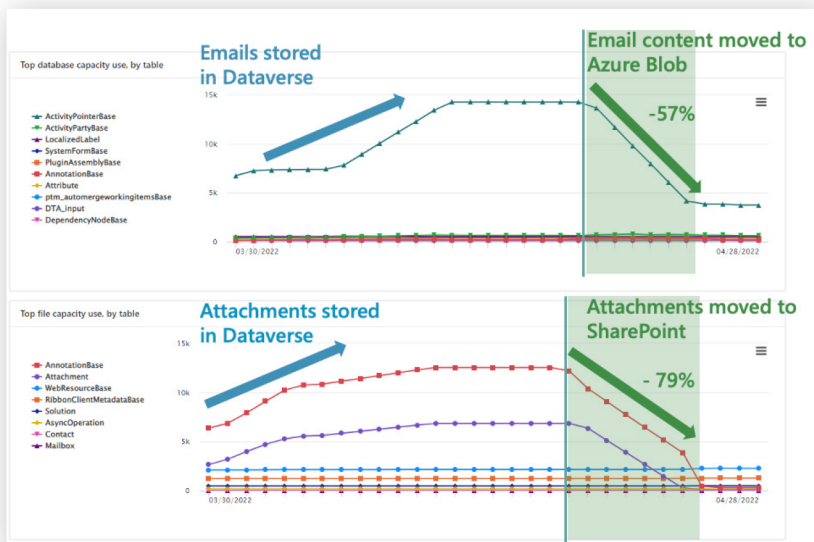

Emails play a crucial role in the day-to-day business of all industries, with thousands being exchanged each day, which results in significant usage of valuable storage space and associated costs. AttachmentExtractor for Dynamics 365 and Power Apps moves content, including emails and

files, from Dataverse to SharePoint or Azure Blob. This process drastically decreases the consumption of data and file capacity and leads to savings by eliminating the need for expensive Capacity Add-ons, as well as overall performance improvements.

## The impact of AttachmentExtractor on capacity

Reduction of data and file capacity in your Dataverse.

400+ customers have been able to reduce data capacity by up to 50% and file capacity by up to striking 80% and benefit from the reduction of ongoing storage costs.

**How much money can you save? Try our free Savings Calculator!**

### Instructions:

Enter the current size of your ActivityPointerBase, Attachment and AnnotationBase table and hit "Calculate" to see your potential savings.

# How to estimate your data & file capacity savings:

First, go to the

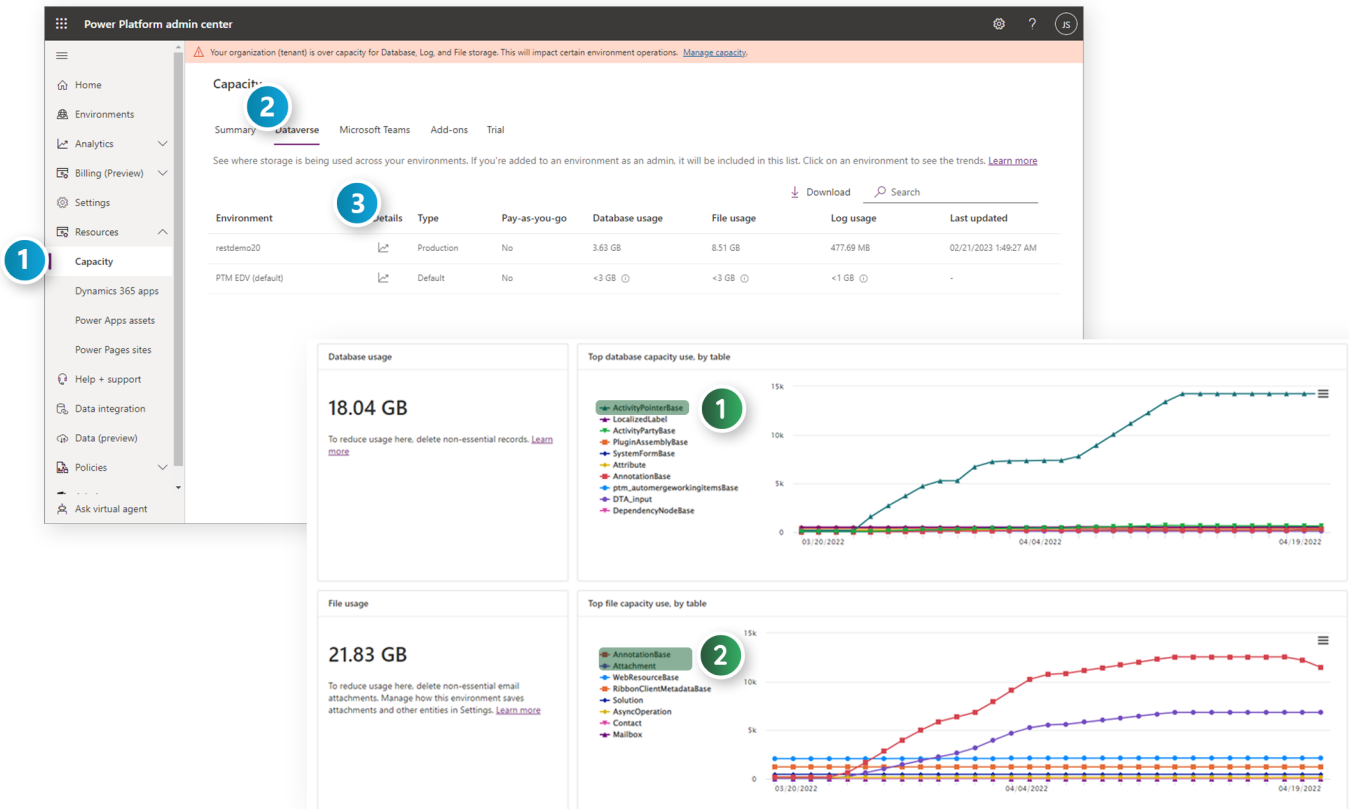

**Power Platform Admin Center** and log in

Navigate to

**Resources** → **Capacity** → **Dataverse**

Click on

**Details** to see your current consumption

## 1 Data Capacity Savings:

Moving email content reduces the ActivityPointerBase table between 40-60%. Thus, we recommend 50% for your estimate.

## 2 File Capacity Savings:

Moving file attachments will shrink the Attachment and AnnotationBase table between 60-90%. Thus, we recommend 80% for your estimate.

## Example

	Table to shrink	Size (GB)	Reduction (GB)	Cost* (USD)	Annual savings USD
Data Capacity	ActivityPointer	14	7 (~50%)	40	3600
File Capacity	Attachment, AnnotationBase	20	16 (~80%)	2	384

## To summarize

If you are tracking emails in Dynamics 365 or Dataverse you will probably find those tables to be significantly larger. Hence, savings can go up to thousands of dollars per month. Try it yourself!

SCAN ME

\*Per GB and month. Based on the following pricing: Data Capacity: 40 USD/GB and month. File Capacity: 2 USD/GB and month.
