Windows Identity Foundation

Will be installed as part of the TelephoneIntegration Server Setup

Supported Operating Systems

Windows 7 32/64bit

Windows 8 32/64bit

Windows Server 2012

Installation Notes

You could install the **TelephoneIntegration Server for Microsoft Dynamics CRM 2015/2016** on any supported operating system which is able to connect to your CRM 2015/2016 Server.

During the installation, you have to specify at least one organization in which the TelephoneIntegration Server will be installed. After the setup is completed, you could start the TelephoneIntegration Server Configuration in the Windows Start-menu to install and configure the TelephoneIntegration Server for another CRM organization.

In an **On-Premise** environment you should install the "Server Part" on the CRM Server.

If you want to use **Telephone Integration** with **CRM Online** you can install the "Server Part" also on any other support OS.

Uninstall

If you want to completely uninstall the TelephoneIntegration Server for Microsoft Dynamics CRM 2015/2016 for all CRM organizations, just start the uninstall routine through Windows Programs and Features.

If you just want to uninstall the TelephoneIntegration Server for Microsoft Dynamics CRM 2015/2016 for one specific CRM organization, you have to open the organization in CRM, select Settings -> Solutions and delete the following solutions:

- TelephoneIntegrationServerCore
- TelephoneIntegrationServerConfig
- MSCRMADDONScomGeneral - **IMPORTANT: If you have other products from www.mscrm-addons.com installed as well, do not delete this solution!**
